Frequently asked questions

What should you say to grandma on her birthday?

Tell her happy birthday, thank her for something specific, like her cooking or her advice, and tell her you love her. A light joke such as "Thanks for spoiling me in ways Mom never would" adds a smile without taking away from the warmth.

How do you wish grandma happy birthday in a funny way?

Use a joke about something she is proud of, like her famous recipes, her purse full of candy or her card game skills. Then add a sincere line. Grandmas love humor that celebrates them, especially when it comes in a handwritten card.

Are old age jokes okay for grandma?

Gentle ones usually are, like calling her a vintage queen or a grand dame. Avoid jokes about memory, health or mobility. If you are unsure, aim the joke at grandkids or cookies instead, which always land well.

What is a sweet but funny birthday message for grandma?

Try "Happy birthday, Grandma! You're my hero in slippers." It is funny, specific and full of love. Another favorite is "You're the reason our family has secret recipes, and the reason we all come home."
